If you are at all unsure about some heads it is safer to draft them into a separate line, brand them and send on a separate ASD form. If you send two lines on the same day and there are one or two that I can include then you will receive the premium on them, if they are all in the same mob and I have to draft the whole line to remove two only animals unfortunately the premium will not be paid on the whole line. Any questions please call Campbell Preston, 021-655737
